

Lawrence Community  
& Learning Garden  
at Free State High School

# The Garden:

- Vision
- Planning
- Development
- Implementation

# Vision

- Need and desire for school gardens
- Need and desire for community garden

# Vision

- Create school garden with plan for continued funding
- Maintain enthusiasm and support for garden
- Generate enthusiasm for community garden

# Vision

- Combined garden:
  - Students oversee community garden
  - Community support of school garden

# Planning

- City, county, school district officials
- Potential site locations
- Form a steering committee

# Planning

- Involve students, teachers, community members
- Policies
- Funding
  - Grants, produce sales, harvest dinners, funds generated by CG

# Planning

- Lessons learned:
  - Written approval/policy
  - Wording –
    - Rent vs. Facility Use fees
  - Site considerations:
    - Your pros might be someone else's cons!
